Re: Recent assignment clarification

As you are aware a new assignment has been created for the patrolman's 4-12 watch (detective). This is a practice that has not happened in well over a decade. We would like some clarification on whether the 4-12 detective is going to be included in the uniform roster when it comes to calculating protocol to determine time off. We remain quite concerned about this matter and trust you will look into it.

Thank you in advance,
