Subject: Letter requesting clarification

InfoRequest.pdf

Chief, back in March a group of concerned Officers signed a letter addressed (copy included in the attachment) to then GPPA Union President Kevin Mackey requesting clarification on a detective assignment you created. Past President Mackey informed the Officers that you had been made aware of the request. To date August 15, 2006 no written response from your office has occurred. The issue enters into the spotlight once again as you find it necessary to assign another Uniform Patrol Officer to the function of detective on the 4-12 shift. It is with great concern giving the tight fiscal restraints the Gpd has been under, that you make assignments of this nature taking away form the resources that the Uniform personnel need. Thank You in advance for any info you can provide. Shawn Bouchie VP GPPA
